WORK EXPERIENCE

Product Developer Lumel Technologies Inc.

01/2025 - 03/2026

Chennai

- Optimized **application performance** by implementing code-splitting, lazy loading, efficient API integration, and React Hooks, reducing **page load time by 30%**.
- Resolved production issues and **high-priority bugs** with 95% test coverage and maintained a 99.9% reliability score.
- Led customer calls to identify and resolve production issues and mentored juniors in development, **code reviews**, unit testing, and **debugging** on best practices.

Associate Product Developer Lumel Technologies Inc.

01/2023 - 12/2024

Chennai

- Spearheaded **end-to-end enhancement** of enterprise features, resolving production issues through direct customer collaboration.
- Improved **front-end performance** using deferred data fetching, virtualization, lazy loading, pagination, API integration, and **Redux** based state management.
- Developed data-driven **React** features with **API integration** and delivering **responsive, cross-browser** interfaces, improving stability, and reducing production issues by **30%**.
- Built **scalable UI components** and led refactoring efforts, reducing development time by **55%** improving **performance, maintainability, and scalability**.

Product Developer Intern & Trainee Lumel Technologies Inc.

05/2022 - 12/2022

Chennai

- Developed key Admin Console features with modular **React** components, enhancing **front-end performance** and user experience, and contributed to **bug fixes and feature enhancements** across multiple modules.
- Contributed to CI/CD pipelines, enabling 20% faster deployment cycles, and collaborated effectively using **JIRA** and **Git** for seamless project management.
- Engineered **advanced** mathematical computations for analytical tools, delivering actionable insights.

EDUCATION

B.Tech (CSE) Periyar Maniammai Institute of Science and Technology

06/2018 - 05/2022

9.37 CGPA - Silver Medalist

SKILLS

JavaScript ES6+ (React, Redux, Router, TypeScript, Node)

Web Dev (HTML, CSS, Tailwind, PostCSS, Sass, SEO)

Network (REST API, Socket, CORS, JWT, OAuth, Postman)

Control (Git, GitHub Actions, Circle CI, Azure, Docker)

UI (Bootstrap, MaterialUI, Storybook)

Micro-frontend

DSA

SQL

C++, Python

Build (Webpack, Vite)

Test (Jest)

Quality (Refactor, JsDoc, ESLint, Prettier)

Tools (DevTools, VSCode, Jira, Figma, Notion)

PROJECTS

BI Web App

- Developed a **scalable BI web application** integrated with Power BI, implementing interactive visualizations.
- Implemented **core features** including commenting, data input, feature-based permission management, filter context propagation, enhanced reporting, ensuring **high performance**, consistency, and a seamless **enterprise** user experience.

Inforiver Admin Portal

- Owned and developed Inforiver Console and Admin Portal using **React** and **TypeScript**, delivering a scalable web-based admin platform. Built core modules like Profile Management, User & Role Management, Onboarding Actions, and database/workspace configurations with type-safe models, modular components, and **reusable UI** patterns.

ACHIEVEMENTS

Go-Getter Award and Team Player

Received the "Go-Getter Award" in Lumel Technologies

Best Academic Performance Award

Received the "Best Academic Performance Award" of the year (2018-22)

BIT Techfest Datathon - Runner up

Bannari Amman Institute of Science and Technology - Erode (2022)

HackCoVIT'22 - Top 10 Finalist

Smart Farm - Bhopal University - Apr 2022 (publications - [IEEE 2022](#))

CERTIFICATIONS

Frontend Developer - HackerRank

Javascript - Namaste

Python - NPTEL
